

One Call Does It!

With over 50 years of experience in industrial distribution, we have evolved into an organization which we believe is second to none in its ability to serve you. Womack represents some of the world's leading suppliers of fluid power and automation products.

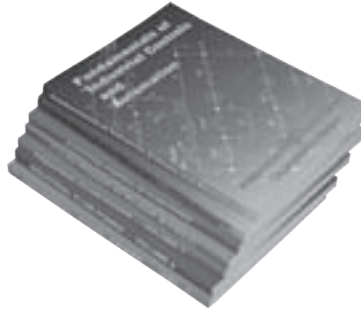

One of the largest inventories in the Southwest is maintained in four conveniently located Regional Distribution Centers. If you need a brand or product we don't represent, our "One Call Does It" service can provide you with the phone number of the nearest distributor.

Our sales staff is one of the best trained in our industry. They will gladly help with component selection, product application, or system design.

The phones in our sales offices are answered by people around the clock to help you in case of an emergency.

A Leader In Industry Education

Womack has written and published a library of Textbooks on fluid power, industrial controls, and automation equipment. They are written from a practical, rather than a scientific viewpoint, and there is a minimum of mathematics, theory, and formulas. Our books are used by fluid power distributors, manufacturers, Fortune 500 companies, government agencies, colleges, and technical schools throughout the world.

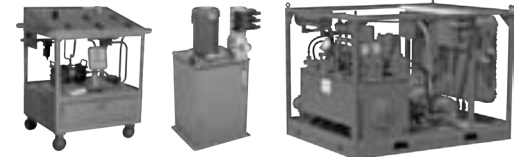

MakeltMove.com is a cooperation between Bosch-Rexroth distributors that gives you the ability to work with a single-source supplier and have technical support from your local distributor.

Training

You are invited to enroll in one of our Customer Schools offered from time to time in all of the territories in which we operate. These schools on fluid power and industrial controls have been attended by over 25,000 Womack Customers in the last thirty years. Our courses are used by technical schools all over the U.S.A. and Canada, and by many other distributors to train their employees and Customers.

Womack Systems

For over 50 years Womack has manufactured hydraulic power units ranging from fractional to hundreds of horsepower with gas, diesel, and electric prime movers. Our systems experience includes designing hydraulic and pneumatic systems, motion controls, machine tools, pick and place machines, mobile electrical systems, retrofitting of electro-hydraulic machinery, and machine assembly. Our Automation experience includes relay ladder logic, programmable logic controllers, motion controllers, temperature and process controllers, hydraulic proportional and servo systems, and computer based control systems.

We don't just sell products, we provide solutions.

– Warehouses –

DALLAS, TX

Womack Machine Supply Company
13835 Senlac Drive
(800) 569-9801
Fax: (214) 630-5314

HOUSTON, TX

Womack Machine Supply Company
2300 Wirt Rd.
(800) 569-9807
Fax: (713) 956-2539

TULSA, OK

Womack Machine Supply Company
8808 E. Admiral Pl.
(800) 569-9803
Fax: (918) 838-2759

BILLINGS, MT

Catey Controls
535 Moore Lane
(800) 332-7298
Fax: (406) 259-7248

MISSOULA, MT

Catey Controls
3102 West Broadway
(800) 332-2694
Fax: (406) 549-3720

SALT LAKE CITY, UT

Interstate Hydraulics
4272 West Nike Drive
(801) 566-4333
Fax: (801) 566-7040

BIRMINGHAM, AL

FPS Technologies
1417 Forestdale Blvd.

The products we represent are carefully chosen to provide you with the utmost in quality, value and performance. Our stock of fluid power and automation control components is not necessarily limited to those shown in this list. We invite your inquiry on any item you do not see listed. Manufacturers literature is available from these suppliers, and will be sent on request. Not all products available in every location.

- AAA Products International**
Pneumatic valves, 1/4" to 2", manual, pilot and solenoid operated; high production hydraulically driven drilling and tapping units.
- Air Hydraulics**
Index tables and presses.
- Air-Mite**
Pneumatic cylinders, valves and controls.
- Airoyal**
Small-bore air and hydraulic cylinders.
- Allied Witan**
Air exhaust mufflers.
- Anchor Fluid Power**
SAE connection flanges for hydraulic pumps, motors and valves.
- Anchor Lamina**
Low speed, high torque hydraulic motors.
- Auburn Gear**
Planetary gear boxes and swing drives.
- Barrington Automation**
Grippers, linear actuators, table slides, escapements, rotary drives, and sensors.
- Beijer Electronics**
HMIs.
- Bosch Rexroth Corp.**
- **Hydraulics Business Unit**
Directional, flow and pressure control valves; vane pumps; proportional and servo valves; logic valves; custom manifolds; hydraulic cylinders; hydraulic power units. Sectional directional valves; gear pumps; low speed, high torque motors; open and closed loop piston pumps, motors and transmissions; heavy-duty gear boxes.
- **Pneumatic Business Unit**
Pneumatic cylinders, manual and solenoid operated directional valves, valve manifolds, bus systems, vacuum components, tubing and fittings, linear positioning units, rotary actuators, grippers, and accessories.
- **Drive and Control Business Unit**
Brushless AC servo drives and motors, single/multi-axis controllers, programmable logic controllers, slice I/O, human machine interface terminals, industrial computers, Windows CE based HMI, CNC controllers, linear motors, frameless motors, AC variable frequency drives.
- **Linear Motion and Assembly Technologies Business Unit**
Ball rail systems, roller rail systems, ball screws, belt drive actuators, ball screw actuators, ball bushings, cartesian motion systems, manual work systems, manual production systems, material and information flow technology.
- Brand Hydraulics Co. Inc.**
Flow dividers, combiners, priority flow control valves; mobile sectional valves; hand pumps.
- David Brown (Textron)**
Gear pumps and motors.
- BSF**
Pump/motor bell housings.
- CGI**
Inline planetary gearheads, right angle planetary gearheads, spur gearheads, right angle spur gearheads.
- CKD**
Pneumatic valves, cylinders and accessories.
- Contrex**
Digital motor speed controls.
- Control Techniques**
AC and DC drives, servo drives and motors, motion controllers.
- CRC**
Custom hydraulic cylinders.
- Daman Products Company Inc.**
Standard NFPA bar manifolds, custom circuit manifolds, and accessories.
- Danaher Precision Systems (IDC)**
Electric linear actuators, stepper and servo motors and drives, gearboxes.
- Delta Electronics**
AC variable frequency drives, programmable logic controllers, human machine interface terminals, brushless AC servo drives and motors, temperature controllers, encoders.
- Dragon Valves, Inc.**
High pressure needle and shut-off valves, manual and diaphragm operated.
- Energy (Textron)**
Valves, cylinders, motors and hydraulic power units for mobile applications.
- Enerpac**
High pressure hydraulic hand pumps, power units and cylinders; work holding tools; directional valves.
- Enidine**
Goodyear air springs and actuators, hydraulic shock absorbers, wire rope isolators.
- Flow Ezy**
Hydraulic oil strainers and diffusers.
- Freelin-Wade**
Polyurathane, nylon, pvc, and specialty tubing.
- Gates Corporation**
Hydraulic hoses and connectors.
- Global Manufacturing, Inc.**
Industrial hydraulic, pneumatic and electric vibrators.
- J.D. Gould Company, Inc.**
2-Way solenoid shut-off valves.
- Hagglunds**
Motors, controls, valves.
- Haldex (Barnes)**
Gear pumps and motors, gear type flow dividers, AC & DC hydraulic power units.
- Haskel**
Air driven pressure intensifiers, gas boosters, air amplifiers, high pressure valves, accumulators and regulators.
- Hays**
2-Way solenoid valves.
- Hedland**
Mechanical and electronic flow meters.
- Hub City**
Shaft and motor driven pump drives.
- HYDAC**
Accumulators, pipe/hose clamps, in-line and tank mounted filtration, off-line filtration units, and on-line fluid analysis equipment; high pressure ball valves, check, flow and needle valves; cartridge valves, pressure transducers, heat exchangers, and high pressure power units.
- HydraForce**
Cartridge valves for pressure, flow and directional control, manually, solenoid, and proportionally operated, sandwich and line mounted; custom hydraulic manifolds.
- Hydrocraft Inc.**
Hydraulic reservoirs and accessories.
- HyPneuMat**
Production drilling and tapping units.
- Jiffy Products**
High production drilling and tapping units; threading machines.
- Kocsis Technologies**
Hydraulic starting systems, accumulators, mobile valves.
- Lexair (Beckett)**
3- and 4-Way hydraulic and pneumatic directional valves, manual and solenoid operated.
- Lube Devices**
Oil reservoir sight level gauges.
- Magnaloy**
Pump/motor bell housing adaptors and shaft couplings.
- Magnom**
Filters.
- Master Machine**
Machine slides.
- Mecman**
See Bosch Rexroth Corp. - Pneumatic Business Unit.
- MICO**
Hydraulically operated brakes.
- Microtronics, Inc.**
Radio remote controls and actuators, proportional valve amplifiers.
- Midland-ACS**
Pneumatic cylinders, manifold control valves, pneumatic valves, regulators, filters, lubricators, stainless steel valves, actuator control valves.
- Norstat**
Control automation products.
- Power Rein**
Rotary sheer type pneumatic valves.
- PQ Controls**
Single and multi-axis electronic joystick, proportional valve amplifiers, electronic level controls.
- Prince Manufacturing Corp.**
Hydraulic cylinders, valves, pumps, motors, and hydraulic accessories.
- Pyromation**
Thermocouples, RTDs, thermo-wells and accessories.
- Racine**
See Bosch Rexroth Corp. - Hydraulics Business Unit.
- Rineer Hydraulics**
Single and two-speed hydraulic vane motors.
- RKI, Inc. (Rawson-Koenig)**
Cranes and winches.
- Snap-Tite**
2- and 3-Way solenoid valves.
- Sterling**
Water modulating valves for temperature control.
- Sun Hydraulics**
Cartridge type pressure, flow and directional control valves; solenoid operated; line, subplate and sandwich mounted; custom manifolds.
- Telco U.S.A.**
Reflective photoelectric sensors, through beam photoelectric sensors, fiberoptic sensors, light curtains.
- Thermal Transfer Products (ThermaSys)**
Air and water cooled heat exchangers.
- Victor Fluid Power**
High pressure pumps, control valves and hand pumps.
- WABCO**
See Bosch Rexroth Corp. - Pneumatic Business Unit.
- Walvoil**
Mobile type monoblock and sectional directional valves.
- Webtec Products**
Hydraulic test equipment.
- White Hydraulics, Inc.**
Low speed, high torque gerotor hydraulic motors, motor/brakes and flow dividers.
- Wika**
Pressure gauges and transducers.
- Wilkerson**
Air line filters, regulators, lubricators, dryers and accessories.
- Womack Systems**
Hydraulic power units and automation control systems.
- Zero-Max**
Couplings, shaft bushings, torque limiters, drives, linear actuators and load adaptors.
